

`tt()`
documentatie

The background is a dark gray field filled with a repeating pattern of small, light gray geometric shapes. These shapes include triangles, squares, circles, and wavy lines, all rendered in a simple, hand-drawn style. The shapes are scattered across the entire frame, creating a textured, abstract effect.

deannabosschert Merge pull request #58 from deannabosschert/feat/addD3ef004a6 on 8 Jan317 commits

.github/ISSUE_TEMPLATE	refactor: markup	12 months ago
_site	fix: remove all charts && d3-integration	10 months ago
assets	feat: add sorting function	12 months ago
src	fix: re-add survey data	10 months ago
.eleventy.js	feat: convert to flat array	12 months ago
.eleventyignore	fix: rename '_site' folder to 'docs' to enable github pages deploy...	12 months ago
.gitignore	feat: re-add survey data	10 months ago
LICENSE	Initial commit	14 months ago
README.md	Merge branch 'trunk' into feat/addD3	10 months ago
package-lock.json	fix: repo name	12 months ago
package.json	fix: repo name	12 months ago

README.md

functional programming

Assessment

Learn how to clean data using functional programming patterns. Later (during frontend data), create a data visualisation with d3 based on given data. See [frontend data repo](#) for more about that.

Survey Data Cleaning

About

Fetch a dataset of a questionnaire that the students filled in during the Information Design Datavisualization-course, and clean this data using filters based on functional programming principles. Project during the Tech Track of Information Design Project 2020.

FUNCTIONAL PROGRAMMING

CODE COMMENTS

```
// I should refactor everything in a way that I map over the values at first,  
  then filter and reduce instead of repeating to map  
  
module.exports = async (variable) => {  
  try {  
    return cleanColors = await getData() // wait for data  
      .then(data => filterData(data, variable)) // filter usable data  
      .then(data => removeWhitespace(data, variable)) // remove whitespace  
      .then(trimmed => addHash(trimmed, variable)) // add hashtag  
      .then(withHash => wordToHex(withHash, variable)) // convert text to hex  
      .then(allColors => rgbToHex(allColors, variable)) // convert rgb to hex  
      .then(cleanHEX => toUpperCase(cleanHEX, variable)) // make uppercase  
      .then(data => sortData(data, variable)) // sort data  
    } catch (err) {  
      console.error(err)  
    }  
  }  
}
```

PROJECT BOARD

The screenshot shows a Trello project board titled "To-do's" with a sub-header "Updated 12 seconds ago". The board is organized into five columns: "To do", "Next sprint", "Current sprint", "In progress", and "Done". Each column contains task cards with details such as titles, issue numbers, assignees, labels, and links to related documents or data.

To do

- Automated as To do
- Manage

Next sprint

- 1 Add sketches to 'Concept' ...
#19 opened by deannabosschert
concepting
↳ Cars data cleaning

Current sprint

- 4 Add new page (/rdwdata) for RDW data ...
#27 opened by deannabosschert
coding
↳ Cars data cleaning
- 2 Add fetch function for fetching RDW data ...
#26 opened by deannabosschert
coding
↳ Cars data cleaning
- 1 Datapunten ...
#8 opened by ZekkieB
concepting
↳ Cars data cleaning
- 2 Peer review: Onderzoeksraag 11 ...
#10 opened by Jelmervoreem
concepting
↳ Cars data cleaning

In progress

- Automated as In progress
- Manage

Done

- 17 Resolve issues ...
#25 opened by deannabosschert
documentation organization
↳ Questionnaire data cleaning
- 2 Make list of questions to ask (e.g. the issue with using variables as keys/values) ...
#29 opened by deannabosschert
organization
↳ Questionnaire data cleaning
- 2 Add techstack info to readme/wiki ...
#31 opened by deannabosschert
documentation
↳ Questionnaire data cleaning
- 2 Add functional programming-principles to wiki ...
#34 opened by deannabosschert

- **Evaluatie**

TIPS

FUNCTIONAL PROGRAMMING

- **Verwijzingen** naar andere onderdelen → zo kan de lezer indien gewenst direct doorklikken
- Maak **notities** bij college's, meetings, feedbackrondes
- Overzicht 'gisteren gedaan' + 'morgen doen' met de standup. Net als bij vergaderingen-notulen.
- Documenteer zo veel mogelijk; meer content meer beter.

Psst.. Ga één keer he-le-maal los, en je kunt het
vervolgens altijd gebruiken als template
